

# IMPRESSION-TAKING ONLINE

---

## Now every nurse can be competent!

Our Online impression-taking course is designed so that any nurse in any part of the UK can complete their competency training. To enroll, you must be GDC registered, you must be employed, indemnified, and there must be a registered professional able to supervise you.

### STARTS\*

1st February 2017

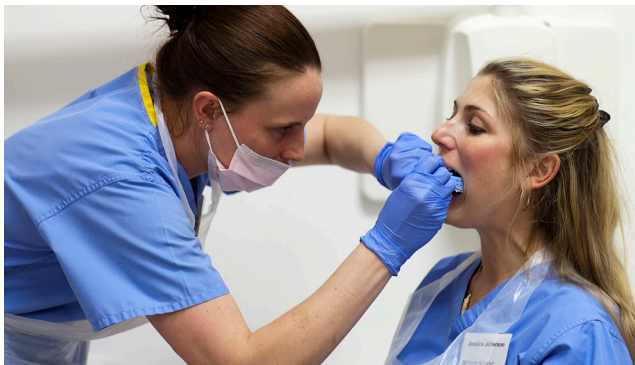

### FLEXIBLE

learning hours

### COMPLETE

in 1-6 months

\*Internet access required.

### Online Learning

Videos, articles and interactive activities.

### Tutor Support

Email, teleclasses and webinars.

### Record of Experience Portfolio

Completed with your supervisor.

## THE ROLE OF THE SUPERVISOR

---

### Your supervisor should be:

- GDC Registered
- Qualified/trained in impression-taking
- Able to guide you through your practical training
- Able to comment on and sign your portfolio.

# COURSE AIMS AND OUTCOMES

---

## By the end of the course you should be able to:

- Demonstrate ability to grade and reflect upon impression technique
- Demonstrate understanding of the reflective model
- Demonstrate competence to take impressions unsupervised under prescription
- Describe health & safety aspects of impression-taking
- Describe patient care and communication
- Discuss methods for managing anxious patients
- Demonstrate confidence to take impressions.

## WHAT TO EXPECT

---

### Certificate of competency

Competency is gained by completing the Online course-work and record of experience portfolio.

Your course-work will be marked by a qualified tutor and overseen by our head teacher.

You are required to take a minimum of 30 alginate impressions and have the option to take silicone impressions.

### How long will it take?

It completely depends on you and your circumstances including:

- How much time you can dedicate to your online studies?
- How soon you can complete the portfolio?

You can complete it in less 3 weeks or take a maximum of 6 months.
