OVERVIEW

The distance learning NEBDN accredited Oral Health Education course is suited to registered dental nurses who desire to become qualified oral health educators. Oral health educators are an important part of the dental team and can be utilised in clinics and in the community including schools and care homes. The course is also an excellent stepping stone towards retraining to become a hygienist.

BLENDED LEARNING

- The course includes online learning modules which can be completed in your own time
- An online booklet and resources which can be downloaded and printed
- A Record of Competence Portfolio which is to be completed under supervision
- A final examination

BENEFITS

- Online tutorials.
- Course folder.
- Affordable.
- Excellent Tutor support.
- Flexible learning.
- Nationwide availability.
- 35+ hours of Verifiable CPD.
- 100% of our students passed the March 2020 and 2021 exam.
